

## DOMAINE DE LA BRIFFAUDE

The cave was rebuilt in stone and half-buried around 1880. This building style allows natural cooling of the cellar.

The temperature of the vats is fully controlled by a heating/cooling system.

The grape harvest is destalked on arrival at the cave. The winemaking vats are traditionally constructed permitting release and pumping-over during the wine maling process. Devatting is

done by hand. For the reds the time spent in vats is longer or shorter depending on the grape

### VIN DE PAYS DE L'HERAULT "ORGANIC"
